

# FARM RULES

As a guest on our farm, we want you to be informed of a few basic laws of nature and rules on the farm. Our intent is for you to have an enjoyable, safe and entertaining stay.

This is a real-life country farm in a natural, rural outdoors Ozark setting.

**NO Smoking or vaping allowed anywhere on property except at the only designated smoking area up front by the county road near the Flag Pole. All cigarette butts must be disposed of in the receptacle.**

There are uneven walking surfaces and natural uneven and sometimes rough variations in the beautiful hillside terrain. Walk slowly and enjoy. If you need a walking stick or cane, bring one.

Out in the open-air countryside there are things that fly over, crawl under and buzz by in between, things that bite and things that sting, plants that smell good and some cause a rash or a scratch. It's Nature, come prepared.

**All animals use their mouths for eating and communicating. For your safety and the animals, please keep all of your body parts away from the mouth of any animal. Do not enter fenced off areas.**

Be respectful and courteous to all the plants and animals, this is their home too.

Parents and Guardians please keep close supervision on your children at all times.

*"One day in the Country is worth ten in Town, any day."*

\*By accepting the rental agreement, you agree that you have read and understood the above written Rental Terms and Conditions and Farm Rules.
